After School Care at the Y is a unique program committed to offering opportunities to help children reach their full potential in education, physical fitness, self-esteem and spiritual health. Our program offers homework assistance, exciting and educational weekly themes, sports, swimming, games galore and much more. Under the watchful eyes of our qualified staff, the program fosters friendship among the children in the kind of open and inviting setting that only the Y can provide. We look forward to the 2011-2012 school year, which brings even more opportunities to reach out to our community and play a role in the development of our youth as well as providing support to the many families we serve.

Be Creative
